SUMMARY

I am a full-stack developer who enjoys solving problems. I am a very diligent, goal-oriented person and I enjoy solving complicated problems. The languages I have worked with are Ruby and JavaScript, but I have enjoyed all of my coding experiences in HTML and CSS as well.

SKILLS

Ruby, JavaScript, HTML5, CSS, Rails, Sinatra, Rspec, Jasmine, SQL, Postgres, ActiveRecord, AJAX, JQuery, Git, Object Oriented Design, Test Driven Development, Agile Development, Bootstrap, Heroku, PHP

PROJECTS

[Motivator](#) - Social Website where users set and achieve personal goals while earning money for charities.

- Scheduled and attended regular stand up meetings to track progress and delegate tasks
- Implemented Stripe - a payment processing provider which we used for our site, wrote internal search feature for the database, generated skeleton to build site from scratch,

Technologies used: Ruby, Rails, JavaScript, AJAX, JQuery

EDUCATION

Dev Bootcamp, New York, NY 2016
Dev Bootcamp is an immersive web development-training program. Over the course of 18 weeks students are taught Ruby on Rails, JavaScript, and object oriented principles.

Wells College, Aurora, NY 2012
Bachelor of Arts Philosophy, Minor in Sociology
